

## **EuroRating changed the status of the credit rating assigned to the company LCL Opportunities Luxembourg S.C.S. from public to private**

### **RATING ACTION**

**Warsaw, June 25, 2024 – The EuroRating credit rating agency changed the status of the credit rating (at 'B+' level with a stable outlook) assigned to the company LCL Opportunities Luxembourg S.C.S. from a public rating to a private rating (not subject to publication).**

### **RATING ACTION RATIONALE**

Due to the constantly increasing regulatory requirements and related rising costs in recent years, disproportionate to the scale of operations of small credit rating agencies, and the simultaneous lack of demand for public credit ratings among corporate bond issuers in Poland, EuroRating submitted a request to ESMA to withdraw the company's registration as a credit rating agency authorized to issue public credit ratings in the EU.

At the company's request, ESMA issued a decision to withdraw the formal registration of EuroRating in the EU. This decision entered into force on June 18, 2024.

Due to the above, EuroRating changed the status of the solicited credit rating for the issuer assigned to the company LCL Opportunities Luxembourg S.C.S. from a public rating to a private rating.

Pursuant to Article 24 point 4 of the EP Regulation No. 1060/2009, public credit ratings previously assigned by EuroRating may continue to be used for regulatory purposes after ESMA issues a decision to withdraw the agency's registration in the EU for the period of:

- ten working days from the date of publication of ESMA's decision, if there are credit ratings of the same financial instrument or entity issued by other credit rating agencies registered in the EU; or
- three months from the date of publication of ESMA's decision, if there are no credit ratings of the same financial instrument or entity issued by other credit rating agencies registered in the EU.

This means that the previous public credit rating for the issuer (at 'B+' level with a stable outlook) assigned by EuroRating to the company LCL Opportunities Luxembourg S.C.S. will be able to continue to be used for regulatory purposes by financial institutions or any other entities in the EU for the next three months, i.e. until September 17, 2024.

After EuroRating's resignation from the formal registration in the EU, it continues to operate as a credit rating agency, but it focuses on issuing private credit ratings (one-off and monitored), which are not subject to the regime of the Regulation No. 1060/2009 and do not require registration in the EU.

## REGULATORY DISCLOSURES

### Methodology

The presented credit rating for the issuer assigned to the company LCL Opportunities Luxembourg S.C.S. is a general assessment of the creditworthiness of the rated entity and it concerns the credit risk of its unsecured and unsubordinated financial liabilities.

The methodology used in this rating was "Credit rating methodology for corporations", published in June 2023 and available at: <https://www.eurorating.com/en/ratings/methodology/credit-risk-assessment-methodology>

The rating scale of the EuroRating credit rating agency as well as detailed rating definitions are published at: <https://www.eurorating.com/en/ratings/rating-scale>

EuroRating's definition of default as well as definitions of rating notations can be found in the agency's website at: <https://www.eurorating.com/en/ratings/methodology/definition-of-default>

Credit ratings assigned by the EuroRating credit rating agency are not solely estimates of the probability of default of a rated entity, but represent a total estimated assessment of a risk of loss (i.e. the ultimate loss of part or all of the receivables along with any interest) by the creditors of the rated entity in the event of its default. Ratings assigned by EuroRating therefore express a combination of the estimated probability of default of the rated entity and the estimated level of loss of receivables by its creditors in the event of an actual default (Loss Given Default).
